European Works Council

During the two days of the European Works Council in November, many questions about employment, reorganizations, financial and business aspects of the group, SAFe, Workday, Hospitality, Nexthink, Netskope, Curiosity and the migration to the Cloud, the hybrid model were addressed.

The CFDT team addressed many points, in particular the possibility of frozen remuneration and a complicated future in view of constant reorganizations, both structurally and methodologically.

A new performance classification system for 2021 has been presented to replace the previous UN/BT/WT/ET:

- UN (Unsatisfactory)
- DN (Development Needs)
- WE (Within Expectations)
- EE (Exceeding Expectations)

OP (Outstanding Performance)

The new method of calculating the individual bonus for Global Grading 11-12 (ex levels 8-9) raises questions. These measures were decided unilaterally by the Amadeus group before the start of the NAO planned for December 9. As defined by the French Labor Code (art. L2242-8), it is within the NAO framework that the remuneration policy for employees should be negotiated.

We are waiting for more information and will be at your disposal to answer your questions.

The minutes and official report are published on Neo:

Professional gender equality negotiations

The Amadeus CFDT have agreed to sign the new Amadeus Gender equality agreement after obtaining the following additional points to the last agreement:

A yearly budget of 200K for salary adjustments over the next 4 years

The possibility for an employee to request a three-way career development meeting for employees stuck at the same salary level / global grading for more than 7 years.

You can find the reports on the Neo page Report on Equal Opportunity page.

For future agreements, we have requested additional indicators to:

- Identify/monitor the causes and gender gaps
- Find areas of improvement for parity
- Implement actions for these identified areas
- Monitor these reports during the year

Although we were unable to have them included in the agreement, we obtained an agreement for their inclusion in follow-up meetings and in the meetings of the professional equality commission.

Reminder: Part-time work, maternity or paternity leave should not have an impact on your career development.

The CFDT team remains mobilized. Please do not hesitate to contact us for more information or for support.
