Negotiation of telework and transport allowances

In our last newsletter #122, we informed you of the resumption of negotiations on the terms of compensation for telework and transport.

At this stage of the negotiation, we believe that the latest (confidential) terms proposed by management are likely to lead these negotiations to the signing of an agreement.

We are continuing to discuss certain arrangements with management and will communicate details as soon as possible.

For information on the current system, refer to the Teleworking and Transportation allowance pages.

In this regard, our special telework compensation and transport mobility survey, distributed on May 17, has received around a hundred responses. It is still open and it is not too late to send us your individual information if you want a personalized feedback.

Did you know?

Paid leave set by default, as we informed you in newsletter #121, management has announced the closure of the Sophia and Villeneuve-neuve buildings for the period of the long weekend of August 15, 2023 and the 1st week of Christmas holidays 2023. We confirm that if you wish to take these days over another period, you can cancel them to put yourself in telework and use them over another period. (see PV of CSE February 24, point 7 page 13 to 18)

RTTs counter in Workday as mentioned in newsletter #114, do not take into account the expiry date displayed on the 'Rest time account' line for all RTTs

Under 'Absence Balance', column 'Accrued in Period', the 5.5* RTTs acquired during the past period (June 2022 – May 2023) must be taken before August 31, 2024 not 2023.

Absence Balance											
Balances Tracked in Days 8 items											
Absence Plan	Unit of Time	Beginning Year Balance	Carryover Balance	Accrued Year To Date	Absence Paid Year To Date	Beginning Period Balance	Accrued in Period	Absence Paid in Period	Carryover Forfeited in Period	Balance As Of Date	Balance As of Date (Includes Events Awaiting Approval) As of Period
Rest time account (Expires on 31/08/2023)	Days	9,42	9,42	5,5	0	9,42	5,5	0	0	14,92	14,92 01/06/2023 - 30/06/2023 (Monthly)

Do you know how many RTTs will be acquired for this period (June 2023 – May 2024)? Answer: it will be 6.5* RTTs to see it in Workday, when opening 'Absence Balance', put a date from June 1, 2024, then look at the

line 'Rest time account' and the column 'Accrued in Period'.

Do you know why it is not always the same? Answer: The calculation is made to arrive at 216 working days so it depends on the number of public holidays that fall during the week. (more information Neo RTT page)

Do you know why there is a half RTT? Answer: This comes from Pentecost Monday, solidarity day (plus public service information-public holidays in the private sector) and not worked at Amadeus, 50% of which is offered by the company and the other taken from the RTTs.

** For Strasbourg employees: -2 RTTs, since the Alsace-Lorraine region has two more public holidays than the rest of France: Good Friday (Easter weekend) and Saint-Etienne (December 26).*
