12 September 2022

Salary Negotiations!

During the July CSE session, we asked for the opening of exceptional negotiations concerning wages, given the current and future economic context (Inflation, energy prices, retention, resignations, overwork …)

Management replied that since the situation is global, this subject should be addressed at the European CE level.

A preparatory meeting was held in Madrid, on September 8 and 9. Two CFDT Amadeus France elected officials worked together with the other representatives of the European countries concerned.

The aim is to challenge Luis Maroto (CEO Amadeus Group) on the need and urgency of corrective measures.
